Roadway Safety Concerns:

Making a collective effort to inform our County Commissioners of our concerns about roadway safety issues in the Meadow Pointe IV area will be a significant motivator to propel the changes we need: widening Meadow Pointe Blvd, improving the visibility of crosswalks, improving school zone visibility, etc. Please reach out to the County Commissioners to add your 'voice' to request attention to these issues of concern:

Coastal Waste and Recycling:

Trash collection days are **Monday and Thursday**, each week.

Recycling pick-up is each **Wednesday**. ALL items must be inside the container with the lid closed.

PLEASE do not place the containers with green lids at the road on Monday or Thursday.

Bulk pick-up is the **3rd Friday** of each month. NOTE: We will send a reminder notice next week about the bulk pick-up scheduled for Friday, November 17.

Hog Trapper:

The CDD has voted to hire a new contractor for hog trapping. If you have any issues with damage done by wild hogs in your neighborhood, please reach out to the clubhouse to report these problems.

Southern Live Oak Street-Tree removal and Replacement Project:

The tree removal portion of the Street-Tree project in Enclave, Meridian, Provence, Windsor and The Haven will be advancing, pending obtaining the required county permits.

Street trees that were previously removed from the right-of-way will not be a part of this project, nor will other species of trees which have been determined to have a root system which is not a threat to damaging the sidewalks and roadways. The CDD will provide information to residents in advance of the work to be done in each of the above neighborhoods.

Pavement Preservation Warranty work in Windsor, Parkmonte, Shellwood and Whinsenton:

This project has been pushed back to the first of the 2024 year. Notifications will be provided before beginning work in the neighborhoods listed above.

Provence Sod at Community Entrance:

Mainscape, the landscaper for the HOA, is providing warranty work in replacing the sod at the entrance to the community. Once this work is completed and approved, the CDD landscape contractor will provide the ongoing landscaping maintenance outside the entrance gates.
